Re@n

1 - 3rd JUNE

About us

MedReCon is designed for **undergraduate medical students and young doctors** who are interested in research, clinical skills, innovation, and the future of healthcare. The conference welcomes both **active participants** presenting their work and **engaged attendees** seeking high-quality academic and professional development.

What makes us different?

MedReCon is a **student-led conference** focused on medicine, offering a carefully curated program that integrates student research presentations, expert-led panel discussions, MED Talks, and interactive clinical workshops.

By combining academic exchange, hands-on learning, and direct interaction with leading professionals, MedReCon creates a focused environment that fosters critical thinking, innovation, and the development of future physicians

OUR CORE VALUES

Student empowerment and scientific curiosity

Focus on highly relevant and pressing healthcare topics

Interdisciplinary collaborations

Practical skills, research excellence, and networking

WHY THIS MATTERS

Medical students need **early exposure to real clinical practice, research, and contemporary healthcare challenges**. MedReCon addresses this need through expert-led workshops, MED Talks, and panel discussions that allow direct interaction with leading clinicians and researchers.

The conference actively fosters **mentorship and academic networking**, connecting students with experienced physicians, researchers, and peers. At the same time, it provides a structured platform for **student-led research to be presented, evaluated by experts, and shared with a wider academic audience**, supporting professional growth and future careers.

OUR TRACK RECORD

MedReCon has been successfully held three times (2022, 2023, and 2025), establishing itself as one of the leading student-led medical conferences in Bosnia and Herzegovina.

2025

The 2025 edition, organized as a three-day conference, gathered around 200 participants from universities across the country and delivered a comprehensive program of student presentations, expert panels, MED Talks, and hands-on workshops.

MedReCon 2025 hosted renowned national and international experts, including **Prof. Dr. Tomaž Štupnik**, thoracic surgeon from Slovenia, alongside leading clinicians and researchers from Bosnia and Herzegovina and the region. Contributors included experts such as **Prof. Dr. Lejla Gurbeta-Poković**, **Prof. Dr. Enita Nakaš**, **Prof. Dr. Alma Ferović Fazlić**, **Prof. Dr. Aida Hajdarpašić**, and **Prof. Dr. Belma Ramić-Brkić**, ensuring strong scientific and educational value.

Program Highlights

Student research presentations
evaluated by expert panels

High-level panel discussions on current and future challenges in medicine

MED Talks enabling direct interaction with leading professionals
and
Hands-on clinical workshops led by top experts

ReCon

HACKATHON

HackMEDReCon 2025 Hackathon, introduced for the first time and sponsored by HUAWEI, where multidisciplinary teams worked on real-world healthcare challenges through technology, creativity, and teamwork.

MedReCon 2025 was supported by **SSST, HUAWEI, Longevity Education Hub, Swiss & Jewellery, Sprind, FINI-Mini Noodles, Klas Sarajevo, Mak Zara Pralines & Chocolate, and Lejla voda**, with **Čuvaj zdravlje, Radio M, žene.ba, and vijesti.ba** as exclusive media partners.

What happens at MEDReCon?

MedReCon delivers a structured, multi-day academic and practical program designed to maximize learning, interaction, and professional growth:

LECTURES & MED TALKS

EXPERT PANEL DISCUSSIONS

INTERACTIVE WORKSHOPS

**STUDENT RESEARCH
PRESENTATIONS**

MEDReCon HACKATHON

**NETWORKING & SOCIAL
ACTIVITIES**

CERTIFICATES & AWARDS

Who attends MEDReCon?

MedReCon attracts a diverse and highly motivated academic audience, with a strong focus on the next generation of physicians.

PRIMARY AUDIENCE

Undergraduate medical students (pre-clinical and clinical years)

Young doctors and early-career physicians

YEARS OF STUDY

Students from all years of medical school, from early pre-clinical education to final-year clinical training

PROFESSIONAL INTERESTS

- General medicine and clinical sciences
- Prevention and non-communicable diseases
- Diagnostics and clinical decision-making
- Emerging and priority areas in modern healthcare

Join us in shaping the next generation of physicians
and healthcare leaders.

By partnering with MedReCon, you support education, innovation,
and professional excellence, while gaining direct access to a
highly motivated medical audience.

**Become a MedReCon partner and be part of a conference that
connects knowledge, practice, and the future of medicine.**
